## CHURCH of St. Canice and St. Margaret

### HAVING A VISION...

Professional life mentors and motivational speakers could give us a few pointers when it comes to staying motivated. The first and single most important factor in staying motivated is to have a vision. Having a vision gives us a reason to act.

People on a diet have a vision of themselves three stone lighter. Students struggling to sit at a desk and revise on a hot sunny afternoon motivate themselves with a vision of that much sought after career. A Christ's disciples we might motivate ourselves with a vision of a world without poverty or war....or simply to improve the life of one other person. The second most important piece of advice is to imbue that vision with a passion. It's no good having a lack lustre vision, we need a vision that will make us feel passionate about our goal...something that we can conjure up in our mind's eye and make us leap into action.
