THE KEY TO SPIRITUAL HEALTH

The interior aspect has to do with God making us holy by forming us in his image. There are two large obstacles that stand in the way of this transformation. These obstacles keep us from the kind of life we all want: A life that is peaceful, loving and holy. One is the way that our wounded memories influence our thoughts and actions. The other is the way our fallen nature, the temptations of the devil, and the pull of the world lead us to sin. God knows our experiences of rejection, resentment and personal failure have wounded our memories. He knows these memories affect the way we relate to others and he wants to heal us. He wants to remove the pain they have caused and give us the grace to forgive the people who have hurt us. At the same time, he wants to forgive us of the ways we have hurt people through our own selfish acts. He wants to help us ask those we have hurt for forgiveness, and he wants to help us overcome our selfish ways. Like St. Peter we must learn to choose God's will over our own. In doing so we will experience the forgiveness and inner healing of Jesus.

Beginning Experience

B.E is a support group for those coping with the pain of loss of their life partner, through death, separation or divorce. Few people are able to cope alone with the pain of loss. Do you find that you need more support than family and friends can provide? Seeking help is a sign of strength and self-knowledge—not weakness. This is a healing ministry, which helps to resolve the grief that goes with the end of a marriage or relationship.
