DAY FOR LIFE

Day for Life is celebrated yearly by the Catholic Church in Ireland, Scotland and England and Wales. It is a day dedicated to raising awareness about the meaning and value of human life at every stage and in every condition: www.dayforlife.org. Some years ago, when celebrating Mass in honour of St Raymond Nonnatus, the Patron Saint of expectant mothers and midwives, Pope Francis spoke simply and beautifully about what promoting a culture of life really means: 'Jesus teaches us to care for life because it is the image of God, who is absolute life. We cannot announce anything else but life, from the beginning to the end. All of us must care for life and cherish life with tenderness. To give life is to open the heart, and to care for life is to expend one's self in tenderness and warmth for others and to have concern in our hearts for others. Caring for life from the beginning to the end. What a simple thing, what a beautiful thing, So, go forth and don't be discouraged.

Care for life. It is worth it.'

Holy Mary, Mother of Love, holding in your arms, the fruit of your womb, graciously look upon our earth and remove from it all that hardens our hearts and dims our eyes to the preciousness of human life, from the moment of conception to natural death. Through the example of your tenderness teach us the ways of compassion and love that we may build up the civilisation of love among us and a society that is truly worthy of the human person. Help us to reject all that contributes to a culture of death, and to work with others of goodwill in promoting the culture of life. Bring us ever closer to your Son, so that we may know the fullness of life that he offers us and come to know that life more perfectly, with you, and all the angels and saints, in the eternal life of Heaven.

"How great a lie..... to make people think that lives affected by grave illness are not worth living"

SUNDAY Feast of St. Thérèse of the Child Jesus.

Therese was born in France in 1873. She lived for ten years as a **Carmelite** nun. She never went on missions, or founded a religious order. A book was published after her death—a brief version of her journal called "The Story of a Soul". Within 28 years of her death the public demand was so great that she was canonized. Generations of Catholics have admired this young saint, calling her the "Little Flower", and found in her short life more inspiration for their own lives than in volumes by theologians. **You are all invited to bring a rose with you to Mass on Monday October 2nd when all roses will be blessed.**

Angels

Monday is the Feast of our Guardian Angels. In our Catholic tradition, rooted in the bible, angels are figures of great power, intelligence and beauty who worship in the awesome presence of God and are his messengers and intermediaries

St. Francis of Assisi Feastday Wednesday 4th Oct Prayer of St. Francis

Lord, make me an instrument of Your peace
Where there is hatred let me sow love.
Where there is injury - pardon,
Where there is doubt - faith,
Where there is despair - hope,
Where there is darkness - light,
And where there is sadness - joy.
